BCG		Meningitis C	
Yellow Fever			

What to do next :

If you have answered YES to any of the above questions – please check with a receptionist to see if you need an appointment with the doctor. We will not be able to provide you with any medication without first seeing a doctor. All new patients are welcome to make an appointment within six months of registration.

PLEASE BRING ALL YOUR MEDICATIONS with you when you come for your first appointment.

Consent form for getting communications via SMS (Text) messaging

Please read the following terms and conditions and if you agree to them, provide your mobile phone number in the space provided so we can enable the service for you. If you don't wish to use the service then you can choose that option.

- The service is free of charge
- It is your responsibility to maintain the safety of your mobile to avoid anyone else being able to access SMS (Text) sent to you
- You agree to provide us with your mobile number to receive SMS messages, which could include important communications and results of tests and or reminders from the practice
- If you change your number, lose your mobile phone or no longer wish to use this facility, it is your responsibility to inform us as soon as possible.

Please tick the appropriate option:

- I have understood the above and agree to receive communications from the practice via SMS (Text) messaging
- I do not wish to receive any SMS (Text) messages

Summary Care Records

Summary Care Records are being introduced nationally by NHS to improve the safety and quality of patient care.

The Summary Care Record is an electronic record which will give all healthcare staff faster, easier access to essential information about you, to help provide you with safe treatment when you need care in an emergency or when your GP practice is closed.

Healthcare staff will ask your permission when they need to look at your Summary Care Record. If they cannot ask you, for example if you are unconscious, they may look at your record without asking you. If they have to do this, they will make a note on your record.

About your Summary Care Record

If you decide to have a Summary Care Record it will contain important information about any medicines you are taking, allergies you suffer from and any bad reactions to medicines that you have had. Giving healthcare staff access to this information can prevent mistakes being made when caring for you in an emergency or when your GP practice is closed.

You may want to add other details about your care to your Summary Care Record. This will only happen if you ask for the information to be included. You should discuss your wishes with the healthcare staff treating you.

How will I benefit from having a Summary Care Record?

Healthcare staff will have quicker access to information about any medicines you are taking, allergies you suffer from and any bad reactions to medicines you have had.

This means they can provide you with safer care during an emergency, when your GP practice is closed, or when you are away from home in another part of England.

You will be able to look at your Summary Care Record at any time at a secure website called HealthSpace. You must register to use HealthSpace to keep it as secure as possible. You can find more information about HealthSpace at www.healthspace.nhs.uk or from your local NHS.

Children and the Summary Care Record

Children will automatically have a Summary Care Record made for them.

If you do not want your child to have a Summary Care Record you will need to fill in an opt out form on behalf of your child and return it to your child's GP practice.

In some circumstances your GP may feel it is in your child's best interests to have a Summary Care Record. For example, if your child has a serious allergy that healthcare staff treating your child should know about.

IF YOU DO NOT COMPLETE THE ATTACHED OPT OUT FORM THEN NHS AUTOMATICALLY CREATES A SUMMARY CARE RECORD FOR YOU.

Your emergency care summary

CONFIDENTIAL

OPT-OUT FORM

Request for my clinical information to be withheld from the Summary Care Record

If you **DO NOT** want a Summary Care Record please fill out the form and send it to your GP practice (completed forms must be returned to your GP practice. Forms sent anywhere other than your GP practice will not be actioned).

A. Please complete in BLOCK CAPITALS

Title Surname / Family name

Forename(s)

Address

Postcode Phone No Date of birth

NHS number (if known) Signature

B. If you are filling out this form on behalf of another person or child, their GP practice will consider this request. Please ensure you fill out their details in section A and your details in section B

Your name Your signature

Relationship to patient Date

What does it mean if I DO NOT have a Summary Care Record?

NHS healthcare staff caring for you may not be aware of your current medications, allergies you suffer from and any bad reactions to medicines you have had, in order to treat you safely in an emergency.

Your records will stay as they are now with information being shared by letter, email, fax or phone.

If you have any questions, or if you want to discuss your choices, please:

- phone the Summary Care Record Information Line on 0300 123 3020;
- contact your local Patient Advice Liaison Service (PALS); or
- contact your GP practice.

FOR NHS USE ONLY
